

## Access Your Member Resources

**Website Access** - The Alliance for Strong Families and Communities offers access to materials and resources through multiple online portals, which currently require different login information.

1. The [Alliance website](#) has a “Members Only” section that allows members to access information. The login area is located in the upper right hand corner of the screen.

- **First time users** must [create a new account](#). Once your temporary password is emailed directly to you, changes can be made by going to the lower left hand side of the screen using the “my account” feature.
- **Returning users** that already have an account, and have forgotten your password, you may request one by using your email address.

2. The [Alliance store](#), is where you get directed to from the Alliance website to register for events, webinars and/or purchase products. You may also go directly to the store site. You will find the login area in the upper right hand corner.

- **First time users** must [create a new profile](#), located on the right side of login area. However, the system will check to see if you already have an account. In that case, we have set up a temporary login and password for you.
  - Username: firstnamelastname (i.e. johnsmith)
  - Password: welcome
- If you are a **returning user** and have forgotten your user name/password, follow the provided instructions.

Through the Alliance Store you are also able to review and update your contact information and tell us about your personal interests. Once you are logged in, click on your name to edit your Profile, Interests, Username and Password.
